Dear Sir:

Enclosed for filing in the above-identified application is a PTO/SB/08 Equivalent listing 22 references to be considered by the Examiner. Also enclosed are 8 foreign references and/or non-patent literature documents as listed on the Information Disclosure Statement.

Reference numbers 5-14 identify co-pending applications assigned to the assignee of this application. Applicant directs the Examiner to these applications to consider whether the subject matter claimed, as well as the associated prosecution histories, may be relevant to the patentability of the present application (e.g., for reasons of obviousness-type double patenting). Applicant notes in particular the noted Notice of Allowance(s), Office Action(s) and/or Amendment(s) in Reference numbers 5-14. Applicant believes that the Examiner has access to the applications and associated file histories through the Patent Office (e.g., the IFW system). Accordingly, Applicant has not provided copies of these applications or their associated file histories, but would be happy to do so, now or in the future, should the Examiner so request.

This Information Disclosure Statement is being filed within three months of the filing date, with an RCE or before receipt of a first office action after an RCE and no fee is required.
